

## THE WEST VIRGINIAN, FAIRMONT.

# UP WEEK ON AT SHINN STON

**Mayor Fred Robey Asks Co-Operation of Citizens in Campaign.**

**SHINN STON**, June 5.—A proclamation has been issued by the city mayor, Fred Robey, which sets aside this week as a special time to look after the sanitation of the city. The mayor is backed by health officer, Dr. C. C. Coffindaffer. This means that the town is to undergo a general spring house-cleaning and that all citizens must see that their premises are at once put in sanitary condition. All trash piles must be disposed of during the week and garbage that has been allowed to accumulate in the rear of homes must be removed from the city limits. This is being done for the protection of the citizens of the city and the mayor has asked that all residents cooperate in this general campaign.

To Resume Business

The Ridge silk mills are expected to reopen some time during the coming week. The factory, which is located in Railroad street, suspended operations several months ago on account of inadequate equipment. While nothing definite has been given out, the company is said to be negotiating a deal which will mean the immediate reopening of the mills with a two-thirds working force. This will give employment to almost thirty persons. The work is mostly done by women and girls. The local plant is the largest of the kind in West Virginia.

Miss Carle Honored

Miss Elsie Carle was honor guest at a prettily appointed party on Friday evening. The Misses Mario Bolman, Pauline Sturm, Martha Reiss and Louise Board were the hostesses, and the affair took place at the home of Mr. and Mrs. L. V. Board. Miss Carle was the class advisor of the young ladies who gave the affair as a farewell party. Appropriate games and music were furnished as diversions, and tempting refreshments also added to the pleasure of the occasion. Those present were the Misses Phyllis Cunningham, Bernice Pfeifer, Dorothy Robey, Gladys Moomaw, Harriet Martin, Vera Teterick, Alveretta Maine, Gladys Saterfield, Messrs. Harold McIntire, Robert Boone, Glenn Reed, Van Buppren, Lucas John Storaro, Lawrence Crawford, McComas Vanscoy, George Short, Raymond Vincent, Wayne Funk, and Mrs. Clark.

I. O. C. F. Memorial

The local Odd Fellows Lodge has posted bills announcing a union memorial service which will be held on next Sunday at 2 o'clock. Lumberport, Worthington and Enterprise lodges will join with the local lodge in the service. The memorial sermon will be preached by the Rev. S. B. Hart of Weston. All members of the order have been requested to meet at the hall at 2 o'clock and march in a body to the M. E. church, where the service will be conducted.

Farewell Party

Honoring the Misses Jane McCray and Marilla Schofield, who have since moved from Shinnston, Miss Madeline Meredith entertained a number of young girls at a recent evening. Popular games and music constituted the evening's diversion and dainty refreshments were served the guests. Those present were the Misses Jane McCray, Marilla Schofield, Justine Feaster, Thelma Anderson, Mildred Riley, Mary Ellen Lowe, Thelma Crawford, Lillian Riley, Geraldine Sturm, Cora Dawson, Martha Schofield, Ruth Walls, Rebecca Walls, Loraine Anderson, Ruth Cunningham, Messrs. Purcell Bock, John Howard Martin, Garth McClinton, Noel Riley, Glen Walls, Paul Barker, Frank Sturm, Stanley Hale, Smith Hobert and Dennis Robinson.

Lumberport Graduates

Eleven students were graduated from the Lumberport High School with appropriate exercises Saturday evening. The commencement sermon was preached by the Rev. John Morgan of the State University, and the diplomas were presented by F. T. Willis, president of Eagle District board of education.

The graduating class was composed of Raymond Griffin, Velva Marver, Denzel Fleming, Bill McIntire, Elinor Horner, Katherine Horner, Wayman Brown, Nellie Cook, Lester Hammer, George and Amy Flinn.

A THIN EXCUSE

"What excuse did he give for getting married?"  
"Introduced me to his wife."  
"Well, what is she like?"  
"The thinnest excuse I ever saw."

## HON. F. V. IAMS ENDORSES OGDEN

Wheeling, W. Va., June 3.—Hon. F. V. Iams, one of the most prominent attorneys in Wetzel county, was a visitor to Wheeling yesterday on business. Mr. Iams is an active Republican and takes a leading part in the public affairs of his own county. To an Intelligencer reporter he said:

"I wish to say without any equivocation or uncertainty that I believe that Mr. H. C. Ogden is by far the best equipped candidate for the Republican nomination for the United States Senate, and the best fitted for that office. I intend to vote for him myself and to do all I can to bring about his nomination."

"In this matter I think I represent the sentiment of the more substantial elements of the Republican party in Wetzel and adjacent counties. I do not wish to reflect upon any of our representatives, but I feel that Mr. Ogden is in a class by himself as an able and representative public man, and the state will be indeed very fortunate if it secures his services at Washington. My prediction is, too, that the growth of this sentiment over the state will be very largely influential in bringing about his nomination and election."

## STRAPS AND BUCKLES

ing has been fitted with the equipment and the bath will be opened to the public in a short time.

**Fire Company for Shinnston**  
Realizing the urgent need of a volunteer fire company for Shinnston, Mayor Fred Robey has been actively engaged for several days in an investigation of the needed equipment and the costs of same, and is taking steps to form such a company. An engineer from the West Virginia Inspection Bureau was here recently and made an investigation of the present equipment, and Mayor Robey has conferred with a member of the bureau, who says that with reasonably equipped fire company in charge of a captain who would see that the men were trained in fighting the rates of insurance in town would be immediately reduced.

The inspector found the new water pumping station in good order, but found an insufficient supply of hose for the city's needs. The costs of such an organization would be negligible in comparison with its value, it is claimed.

West Side Has Water

The new water line to the West Side has been completed, and as soon as the river is sufficiently low to do the work, the line will be connected with the lines of the city proper. Asphalt has been purchased for the purpose of repairing the West Shinnston streets, in which there are a number of bad holes.

**Wants Special Shop Location**  
C. T. Wright, a former resident of Hollywood but in past years located in Youngstown, Ohio, is seeking a location here for establishing an electrical wiring and supply business. Mr. Wright is well posted on radio, telephone appliances and has contributed several articles to the press on this work.

Becomes Business Partner

Salem Joseph, who is in business in Mingo Junction, has been spending a few days with his people here. Mr. Joseph has purchased an interest in a business there and expects to move his family there soon.

New Barber Shop Opens

A new barber shop, the largest in the city, was opened to the public last Thursday night. Jack High, local barber of several years experience, is the proprietor. The shop will be a six chair affair and will be modern in all respects.

Mr. Walls to Open Shop

C. C. Walls, who for a number of years has been connected with the Consolidation Coal Co. is seeking a location here in which to open an electrical supply shop. Mr. Walls was an electrician at the Hutchinson power plant until its shutdown recently, and has a thorough knowledge of his trade. He is also interested in the Shinnston Power & Light Co.

Personals

Miss Mabel Vincent, who has been a surgical patient in a Baltimore hospital for some time, still continues to improve, and is expected to return home in a short time.

P. L. Mackey of Ritchie County

is the guest of his brother, Lindsey Mackey.

The Misses Blanche and Julia King of Cottageville, W. Va., are guests of Mr. and Mrs. J. V. Rowley.

Miss Blanche Harmer is home from Athens, Ohio, where she had been attending school, and will spend the summer vacation with her parents, Mr. and Mrs. Charles L. Shinn of Shinn's Run.

The Ladies' Aid Society of the M. E. Church will hold its regular business meeting in the social rooms of the church on Tuesday evening. Business of importance will be discussed.

Mr. and Mrs. F. W. Cunningham had the weekend with relatives at Paora.

Mr. and Mrs. Charles L. Harmer of Shinn's Run attended the commencement exercises at the State University at Morgantown, their son, Hardin R. Harmer, being on the graduating list.

H. Solloman, who was recently a surgical patient at a Clarksburg hospital, has returned home, and is said to be recovering nicely. Jack and Taylor Coffindaffer, small sons of Mrs. Mary Coffindaffer, are recovering from a recent operation for the removal of their tonsils.

Mrs. Cora Corbin has returned to her home at Smithfield, after a visit with her sister, Mrs. J. L. Johnson of West Shinnston.

Shower Bath Installed

Among the recent additions to the barber shop operated by Frank Rock is a shower bath department. The room in the rear of the build-

**NEW YORK**, June 5.—Summer footwear, as the latest styles from London indicate, will be very much a thing of straps, buckles and cut designs. Some of the most clever of the new things are black patent leather sandals with cut designs of white following the lines of stitching and ornamenting the heels. Sometimes the toes are left quite plain, occasionally they sport a small cut design.

The one-strap slipper on pump lines will be worn much. Very often the slipper of this type is of fabric, satin or brocade and ornamented with beading.

The small buckles which made their appearance last year are holding their own in the field of fastenings. They are used more, however, on suede footwear, while buttons are reserved for Satin and suede are often used in combination.

Special Notices

The Tokio Chamber of Commerce has adopted a resolution favoring closing all shops on Sunday.

A bug which preys on the potato bug by sucking its blood has been discovered at Kingston, Ontario.
